Music is a True Family Affair, and with Straw, family matters most, they stay together and play together, but with Straw, they also ROCK Together!

Straw The Family Band' releases their new video, "Bang Bang," a cool rockin' song in which a woman (played by Straw vocalist Denise Fabricius) experiences all sorts of roadblocks as she tried to board a plane to meet with her lover.

"**Bang Bang**" is a great video, montage of images; various roles portrayed by family and band members, a bit quirky, a lot of funny, and on point. The music is great and has a fantastic Rock / Blues Beat, and has a romantic happy ending.
